**June 19, 2019**

**Registration: 8:00 – 8:15 AM**

**Class: 8:15 AM – 5:30 PM**

**Registration June 19:** <https://stable19june2019.eventbrite.com>

### **LOCATION**

**St. Helena Hospital Napa Valley**

10 Woodland Road

Saint Helena, CA 94574

Room: B-Level Conference Room

### **SCOPE**

This seminar is appropriate for nurses, paramedics and first responders. Class topics and materials will help you assess the treatment of critically ill, newly born infants in both prehospital and hospital settings.

**INSTRUCTOR – REACH Air Medical Services LLC.**

**REACH Neonatal Transport Flight Team**

### **COURSE DESCRIPTION**

Hundreds of times each day, in hospitals and communities around the world, newly born infants become ill and require specialized care. Each member of the health care team—nurses, physicians, therapists and assistants—must know what to do. Their care must be provided in a timely, efficient, anticipatory, and effective manner. This early transitional care affects not only the immediate health of the infant, but also the infant's long-term outcome.

The S.T.A.B.L.E. Program was developed to meet the educational needs of health care providers who must deliver this important stabilization care. S.T.A.B.L.E. education is critical to the mission to reduce infant mortality and morbidity and to improve the future health of children and their families. The 6<sup>th</sup> Edition textbook will be utilized for this course.

**S – Sugar & Safe Care**  
**T – Temperature**  
**A – Airway**  
**B – Blood Pressure**  
**L – Lab Work**  
**E – Emotional Support**
