

HIGH RISK OB AND NEONATAL STABILIZATION PERI-TRANSPORT CLINICAL PRIORITIES

PROVIDES THREE (3) HOURS OF CONTINUING EDUCATION CREDIT

DATE | TIME

April 17, 2019

Registration: 9:30 AM

Conference: 10:00 AM – 1:00 PM

LOCATION

AMR Concord Operations

2400 Bisso Lane

Concord, CA 94520

SCOPE

This seminar is appropriate for nurses, paramedics and first responders. Conference topics and materials will help attendees assess and stabilize the High-Risk OB and Neonatal patients in both prehospital and hospital settings.

INSTRUCTOR

Yvette Gonzalez, MS, RN, C-EFM, C-NPT

Neonatal & High-Risk OB Transport Clinical Manager, REACH Air Medical Services

AGENDA

- Review normal physiologic changes and assessment of obstetric patients
- Review high risk obstetric clinical presentations, pre-transport & transport clinical considerations
- Review obstetric hemorrhage and clinical priorities in the peri-transport setting
- Review high risk obstetric & neonatal peri-transport stabilization priorities
- Review in-utero resuscitation measures for pre-transport and transport clinical application
- Review clinical priorities for preeclampsia, HELLP syndrome and eclampsia

CANCELLATION NOTIFICATION

If the event is cancelled for any reason, registered participants will be notified immediately upon cancellation of the class through the email address provided at the time of registration. If an email address was not provided, a voice message will be left at the number provided at the time of registration.
